

## POSITION VACANT

### NOISE AND VIBRATION CONSULTANT

Located in South-West Sydney (near Hurstville), Day Design is an acoustical consultancy with many years of experience in acoustics and a broad client base. Day Design Pty Ltd is a member company of the Association of Australian Acoustical Consultants (AAAC).

Day Design Pty Ltd is experienced in a wide range of projects including environmental noise control, transportation noise control, industrial and occupational noise control, architectural and building acoustics, vibration measurement and isolation design.

Candidates should preferably have an engineering degree and a minimum of 2 years experience in acoustics. A good understanding of sound propagation and attenuation is essential.

The successful applicant will manage their own projects and report directly to the managing director. Salary package is negotiable with salary reviews every 6 months.
